

OSTEOLOGY RESEARCH ACADEMY - CORE MODULE

JUNE 16–20, 2014, HARVARD SCHOOL OF DENTAL MEDICINE, BOSTON, USA
 GOOD RESEARCH PRACTICE AND ESSENTIALS OF RESEARCH METHODOLOGY

	MONDAY June 16, 2014	TUESDAY June 17, 2014	WEDNESDAY June 18, 2014	THURSDAY June 19, 2014	FRIDAY June 20, 2014
08:00 AM	Registration/Breakfast		Breakfast		
08:30	Welcoming Introduction Dr. Myron Nevins “Good Research Practice” Dr. Myron Spector	“Biomechanical Research on Oral Implants: Defining the Problem, Doing the Research, and Publishing the Results” Dr. John Brunski	“Imaging Techniques in Pre-Clinical and Translational Research” Dr. Erika Benavides	“Getting to Clinical Utility” “The Research Agenda of Personalized Medicine” Dr. Ken Kornman	“Translational Research in Oral Medicine” Dr. Toshi Kawai
10:00	Break				
10:30	“Essential Considerations for Clinical Research” Mr. Charles Frizzell	“Clinical Research Designs for Sinus Elevation/Guided Bone Regeneration Procedures” Dr. Myron Nevins Dr. David Kim	Radiological Imaging in Clinical Research” Dr. Bernard Friedland	“Genetic Strategies in Osteology” Dr. Bjorn Olsen	“Patient Related Outcomes and Measurement of Esthetics” Dr. Shigemi Nagai
12:00	Lunch				
1:00 PM	“From Bench to Bedside (or Chair-Side): Taking Innovations to Clinical Trials and Clinical Practice” Dr. William Giannobile	“Statistical Principles for Medical Research Projects” Dr. Thomas Braun	“Histology, Histomorphometry and Immunohistochemistry” Dr. Darnell Kaigler	“Strategies and Methods in Molecular Biology” Dr. Giuseppe Intini	“Clinical and Translational Research Models for Periodontal Regeneration” Dr. Hector Rios
3:00	Break				
3:15	“How to Publish My Work: Experience from an Author and Editor” Dr. William Giannobile	Workshop on Statistical Principles Dr. Thomas Braun	Workshop on Sample Processing Dr. Darnell Kaigler	“State of the Art of Microbiological Techniques in Periodontal Research” Dr. Ricardo Teles Workshop on Microbiology Dr. Ricardo Teles	
5:00	End				

TEAM EVENING
